

VOTE YES ON QUESTION 1: THE FAIR SHARE AMENDMENT

A Win-Win for Massachusetts

The Fair Share Amendment is a ballot question you can vote on this November. It would create a 4% tax on the portion of a person's annual income above \$1 million and dedicate the funds raised to transportation and public education.

99% of us won't pay a penny more, and we'll have \$2 billion a year in funding to improve our public schools and colleges, repair our roads and bridges, and invest in public transportation.

Election Day is **November 8, 2022**

ABOUT THE FAIR SHARE AMENDMENT

*Funding a prosperous future
for all of Massachusetts*

Q. What is the Fair Share Amendment?

A. The Fair Share Amendment would create a 4% tax on the portion of a person's annual income above \$1 million and dedicate the funds raised to transportation and public education.

Q. Who will pay?

A. Only the wealthiest Massachusetts residents—individuals who earn MORE THAN \$1 million per year—will pay more: just 4% on the portion of their annual income that is ABOVE \$1 million. 99% of all Massachusetts taxpayers will not pay a penny more.

Q. Why do we need the Fair Share Amendment?

A. Working families and small businesses have struggled throughout the pandemic, while the super-rich have gotten even richer. The top 1% can afford to pay their fair share so Massachusetts can grow our economy and make it work for everyone.

Q. What will the money be used for?

A. The new tax revenue will be constitutionally dedicated to transportation and public education, such as helping students recover from the effects of the pandemic, making public colleges more affordable, and repairing structurally dangerous roads, bridges, tunnels, and public transportation infrastructure.
